

# Proposal Awards - February 1998

The 1997/98 Fiscal Year Budget Act appropriated \$3,000,000 for 1997/98 and each of the next two fiscal years (1998/99 and 1999/2000), to be awarded to Counties on a competitive basis to develop and expand drug court-related substance abuse treatment. The basic Drug Court-Related Substance Abuse Treatment Program goal is to increased the effectiveness, over probation or incarceration, of non-violent drug abusers in **1)** reducing drug usage and recidivism; **2)** providing intensive supervision; **3)** promptly dealing with relapse to drug use and its consequences; and **4)** offering the capability to integrate drug treatment with other rehab services to promote long-term recovery, reduce costs, and other benefits.

On December 11, 1997, the Department released the Drug Court-Related Substance Abuse Treatment Request For Applications. The Department received a total of 36 applications. On February 4, 1998, the Department notified the applicants of the final score and rank of each proposal. A total of 28 proposals were funded through the RFA process. Below is a list of Counties to receive funding and the number of clients to be served in each project year.
